Sir:

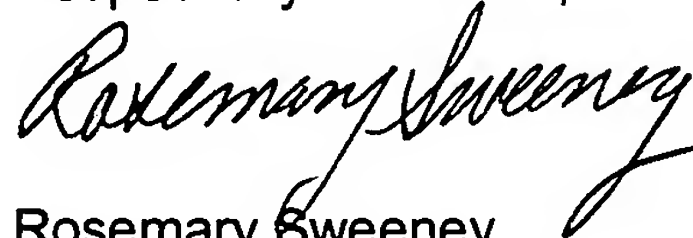

In response to the Interview Summary dated February 11, 2005, Applicants include here a further summary of the recent interview between Examiner Anand Desai and Applicants' attorney Rosemary Sweeney. Applicants note that the Examiner has stated that the interview date was February 1, 2005 and Applicants in their Amendment under 37 CFR § 1.312 and Issue Fee Payment stated that the interview date was January 31, 2005. Applicants believed at the time of writing that the January 31 date was correct. In any event, it is clear from the Examiner's Interview Summary that he was discussing the same interview summarized in Applicants last paper. Applicants state for the record that, whichever date is correct, there was only a single interview within these two days.

In the interview, a typographical error noticed by Applicants and the scope of the term "cytidine analog" was discussed. The Examiner suggested submitting an

amendment under 37 CFR § 1.312 to correct the typographical error and to present other clarifying amendments for his consideration if Applicants so desired.
